PROFILE SUMMARY

I am a System Development student at PHINMA University of Pangasinan and a highly motivated software developer with a passion for learning and adapting to the ever-evolving IT landscape. I am seeking opportunities for growth and eager to contribute to innovative projects that drive impactful solutions.

EDUCATION

PHINMA University of Pangasinan (2021 - Present)

- Bachelor of Science in Information Technology
- Major in System Development

PHINMA University of Pangasinan (2019 - 2021)

- Senior High School

Calasiao Comprehensive National High School (2015 - 2019)

- Junior High School

Bued East Elementary School (2007 - 2015)

- Elementary

PROJECTS

EcoGuard: Balance of Nature

Capstone Project 2023 - 2024

Unity | C# | Blender

Worked with a team to develop a 3D semi-open map game designed as an entertainment and educational tool to teach children about environmental awareness. The game engages players in interactive missions that promote sustainability and conservation practices in a fun, immersive way.

CropShop

Business IT Ventures 2024

HTML | CSS | JavaScript | MySQL

Worked with a team to develop a website that analyzes market trends, pricing data, and demand forecasts to help farmers make informed decisions about which crops to plant and the best times to sell, ultimately maximizing profitability.

JR's Classic Corner

Food Website Project 2023

HTML | CSS | JavaScript

Designed a versatile food website for use by restaurants, buffets, canteens, fast food chains, or any other dining establishments, offering customizable features for easy adaptation to various culinary businesses.

PROFESSIONAL CERTIFICATES

- Certificate of Excellence for IT Basics (Programming Hub)
- Certificate of Excellence for C# (C Sharp) Programming (Programming Hub)
- Certificate of Excellence for Ethical Hacking (Programming Hub)
- Certificate of Completion for Web Development (Sololearn)
- Certificate of Completion for Employability Skills (Wadhwani)
